Re: Proposed Road Changes
Savage Coal Terminal
C/007/022
Carbon County, Utah

Dear Mr. Haddock:

Enclosed are 3 copies of a proposed amendment to slightly alter the alignment of Primary Road PR-7 and remove Primary Road PR-8 at the Savage Coal Terminal. PR-7 will continue to cross over Truck Dump No. 2; however, the exit ramp will be moved slightly to the west from its present location. PR-8 is the road over Truck Dump No. 5, which is being totally removed. This amendment will also involve a change in 2 culverts – C-4 and C-16. C-4 will be relocated to the west to provide drainage beneath PR-7, as it presently does. C-16 will no longer be necessary with the removal of Truck Dump No. 5, and will be removed. Drainage from both of these areas will continue to report to Collection Ditch CD-8 and Sediment Pond No. 5.

Since there are no changes in the drainage areas or runoff, there is no need to revise pond or drainage calculations. The reclamation cost would also actually be reduced by this action, with the removal of the truck dump and culvert C-16.

Revised pages and plates for the newly approved MRP are included with this submittal. A C1/C2 Form is also enclosed. If you have any questions, or need additional information, please let me know.

Sincerely,

John Walters,
General Manager
